Our customers say:

"We had a great experience renting our instrument from Great Northwest Music. The staff made sure we had a quality instrument and all the supplies that the school had requested. When we left the store, my son had everything he needed to join the school band. The customer service provided, as well as the quality instrument, made the rental experience a pleasant one. We would rent from Great Northwest Music again."

"My son decided he wanted to try band and was excited to be selected to play the trombone. Having never played an instrument myself, I came to Great Northwest Music at the recommendation of my son's band instructor. I was pleased with the knowledgeable and friendly staff. They were helpful and very prompt at getting everything my son needed to get started on his new musical adventure. I would gladly recommend their services to others in need of musical equipment."
